

# Workforce Coalitions Across New Hampshire

Workforce Coalitions are community driven groups located across the state that help to promote integrated, competitive employment for individuals with developmental disabilities, acquired brain injuries, mental health disorders, and other disabilities. The Workforce Coalitions focus on sharing job leads, exchanging employment resources, introducing new business contacts, networking, and guest speaker presentations.

If you are interested in joining and/or supporting any of these Coalitions, please contact one of the facilitators listed below:
